Post-doc positions at the G erontop le of Toulouse

(Head of Department: Prof Bruno Vellas, MD, PhD)

The G erontop le of the Toulouse University Hospital (Toulouse, France) is an internationally-recognized institution for clinical research, particularly Alzheimer's disease, nursing home research, and sarcopenia and frailty (coordinating international scientific task forces on the topics).

The G erontop le is currently recruiting post-docs to be involved in ongoing research programs, such as the INSPIRE project (<https://inspire.chu-toulouse.fr/en/>). In particular, candidates should be able to enhance the G erontop le studies through the publication of scientific articles in peer-reviewed journals. Post-docs with PhD in a relevant discipline (e.g., epidemiology, clinical geriatrics, biology of aging/aging biomarkers) is preferable (but not mandatory). English language fluency and adequate use of a statistical software are required. Various positions according to the candidate's experience are available. We are especially interested in applicants having the potentialities for future independent research positions. Posts are for full-time and fixed-term (period of one year, renewable for one year) appointments.

Applications should include the following documents in English:

- A brief cover letter explaining why you would like to join our Institute
- Your Curriculum Vitae including your publications list
- The pdf files of one or two full-text articles of yours
- Contact details (e-mail & telephone number) for a possible oral interview

Applicants should send all these documents by e-mail to Constance de Seynes (constance.de-seynes@univ-tlse3.fr). Please use as object of your e-mail "Application for an INSPIRE doc/post-doc position at the G erontop le". Shortlisted applicants will be contacted for a phone interview and a subsequent in-person interview in Toulouse.
